

A Travellers History of Canada

Filesize: 2.94 MB

Reviews

This written publication is wonderful. It can be written in straightforward phrases instead of confusing. I discovered this pdf from my dad and i suggested this publication to learn.

Interlink Pub Group. Paperback. Book Condition: New. Paperback. 220 pages. Dimensions: 7.7in. x 5.0in. x 0.9in. To outsiders, Canada is synonymous with a vision of wilderness, glaciers, mountains and forests. Distance and space define Canada, but so do large modern cities, an extraordinarily diverse population (30 million plus) and advanced social systems that won it recognition from the United Nations as the most desirable country on earth in which to live. Canadas story begins with the arrival of the first immigrants over 15, 000 years ago who travelled across a land bridge from Siberia to Alaska. Starting around 1000AD with the Vikings, European settlers arrived, bringing with them their cultures, languages and societies. By 1700 Canada was divided between the French and British. The next century was spent in wars to determine who should rule in North America. The French lost, but left behind a vigorous colony that evolved into modern Quebec, and 6-million French-speakers scattered across modern Canada. Unlike the rest of the Americas, Canada long maintained a close connection with Europe, actively participating in two world wars and in the Cold War that followed. The impact of these events and its relationship with its neighbor, the USA, are discussed. The book is brought fully up to date with a profile of modern Canada, its successes, present difficulties and a prognosis for the future. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
